Material Handling Instructions

How to Ship to Advance Warehouse & Direct to Show Site:

- Remove all old shipping and empty storage labels from items to be shipped.
- Fill out and attach enclosed Advance to Warehouse or Direct to Show Site labels included (or exhibitor generated facsimiles containing all pertinent information).
- Take the time to insure that your shipments are properly packed and packaged. ME&E is not responsible for goods damaged in shipping (see Terms & Conditions).
- Choose a carrier with trade show experience and schedule a pick-up of your shipment. Confirm that your selected carrier is able to meet the shipping and receiving deadlines for your show.
- Do not send blanket wrapped or uncrated shipments to the Advance Warehouse. Ship these items directly to Show Site.
- Consign all DOMESTIC shipments to Modern Expo & Events.
- Complete and submit enclosed Material Handling Estimate form.
- A properly filled out Bill of Lading must accompany all shipments. Certified weight tickets must accompany all shipments.
- Confirm receipt of your shipment (advance shipments only) with the ME&E team before travelling to show site.
- For INTERNATIONAL shipments, or for other Material Handling questions, please contact our Exhibitor Service team at (801) 983-8102 or expo@modernexpo.com.

Benefits of Advance Shipping to Warehouse:

- Storage of materials for up to 30 days prior to your show.
- Delivery of materials directly to your booth space prior to your scheduled move-in time.
- Convention centers, hotels and other event facilities may not have the capability to receive and store your shipments prior to your show dates.

Freight Carriers: Select a carrier with trade show experience. Be sure to give your carrier specific instructions, including dates and times when shipments must be delivered and picked up. Delivery and pick-up times for trade shows often fall outside of “normal” hours, so make sure your carrier is capable of meeting target dates and times.

Estimating Material Handling Charges: Material Handling charges are based on the weight of the shipment. Shipments are billed in 100 lb. increments (CWT), rounded up to the nearest 100 lbs. There is a minimum charge of 200 lbs. (2CWT) on many shipments. Please refer to the Material Handling Estimate page for pricing details. ME&E cannot and will not accept collect or COD shipments. Crated and uncrated shipments must be separated on individual Bills of Lading with separate weight tickets. Failure to separate crated and uncrated shipments will result in the entire shipment being classified as Special Handling and charge as such.

DEFINITIONS:

Crated Materials are materials that are skidded, crated or in any type of container that can be unloaded at dock level with no additional handling required.

Uncrated/Special Handling Materials are materials that are loose, shrink or pad wrapped, bagged, not skidded or that cannot be unloaded at dock level without additional handling.

Small Package Shipments are cartons or envelopes received without documentation (usually via carriers such as UPS, FedEx, etc.). Maximum weight is 50 lbs. per shipment, per delivery. Maximum of three (3) packages per shipment. All shipments received via air carrier or air freight forwarders that do not fall under the Small Package category, or that include more than 3 packages per shipment, may be subject to Special Handling charges.

Transportation Surcharge is charged for shipments that are delivered or picked up “off target” or outside of designated freight delivery and pickup times and dates. See Quick Facts page for designated delivery dates for your show.

Outbound Freight Only is freight handled only at the close of the show. Material Handling fees for Outbound Only shipments include moving materials from your booth space to the dock and loading on your designated carrier.

Machinery Labor and Equipment: Labor and equipment used for uncrating, un-skidding, positioning, leveling installing, dismantling, re-crating and re-skidding must be ordered separately. See the **Forklift** and **Labor** forms to order these services.

Storing Empty Containers: Properly labeled empty shipping containers will be removed from your booth space and stored. They will be returned to you as quickly as possible following the close of the show. Depending on the size of the show, it can take between two and twelve hours to return all empty containers. Please plan accordingly. Empty/Storage labels are available from the Exhibitor Service Desk and must be filled out and attached to your containers when they are ready to be removed. Do not store any material or equipment that you need to access during the show in a container with an Empty/Storage label. If you need to access your container, obtain Accessible Storage labels from the Exhibitor Service Desk. Accessible storage fees may apply. Empty crate storage may not be secure.

Material Handling Instructions

Outbound Shipments: Each outbound shipment must have a completed ME&E Bill of Lading accompanying the shipment. Bills of Lading are available at the ME&E Exhibitor Service Desk. Exhibitors will need to make their own arrangement for pick-up with their designated freight carrier. An exhibitor representative should remain on-site to insure that your shipment is picked up as planned. Any shipments that remain on show site past the outbound shipping deadline will be forced out on ME&E's carrier of choice at the exhibitors sole expense. ME&E does not provide carrier shipping label

End-of-Show Outbound Shipping Instructions:

- Exhibitors are responsible for providing pre-printed labels for their outbound shipments. If you do not have pre-printed labels, you can create them online on the website of your designated carrier. Print the labels and place them on all containers in your shipment.
- Schedule pick-up with your designated carrier. This includes small package services such as UPS, FedEx, as well as larger freight carriers such as YRC, UPS Freight, etc. If you do not have a preferred carrier, we can re-route your shipment via our preferred carrier, YRC Freight. You are responsible for all shipping charges.
- Fill out a ME&E Bill of Lading. Please make sure to make a selection in the designated area of the Bill of Lading that lets us know what you would like us to do with your shipment if your carrier fails to pick it up.
- Once you have filled out your Bill of Lading, scheduled pick-up with your carrier, and properly packaged your materials, leave your boxes in the center of your booth space and return the Bill of Lading to the Exhibitor Service Desk. This lets us know your shipment is ready for pick-up and we will then retrieve your shipment, move it to the dock and load it onto your designated carrier when they arrive.

Signage & Graphics—Art Preparation & Submission Guidelines

Please follow these guidelines when preparing and submitting artwork for graphic reproduction. Adhering to these steps will help insure your graphics are produced at the highest quality and will have the greatest visual impact. If you have questions, please contact our Exhibitor Service Team for more information.

 **APPLICATIONS:** Art work may be submitted as **Adobe Illustrator™** or **Adobe Photoshop™** files. Illustrator™ is preferred for large format printing. Files that are created using other programs should be saved and exported as PDF files.

Please be sure to include all supporting elements such as fonts, linked images, effects, etc..

Illustrator™ special effects such as glows, drop shadows, etc., are not recommended. These effects sometimes give unpredictable results in large format printing.

 **FONTS:** Fonts must be converted to outlines. If outlines are not created, then Mac compatible fonts must be supplied with original art files.

 **COLOR SPECIFICATIONS:** All files are printed in CMYK format. To ensure the best possible color match, please make sure to call out any PMS colors to match and indicate whether they are coated or uncoated. Select uncoated PMS colors when matching to fabric.

Orders without PMS color call outs are not guaranteed for color.

 **RESOLUTION:** All raster files must be saved at 100-150 dpi at full scale. Work at proportional scales (100%, 50%, 25%) of actual size and indicate at what scale you have created the file.

 **BLEED SPECIFICATION:** All graphics require bleed. Please add 1/2" bleed around the perimeter of all graphics.

 **ARTWORK FILE SUBMISSION:** Files are accepted by email (up to 10mb), file transfer sites (weTransfer™, Hightail™, etc.), cloud storage sites (Dropbox™, Box™), or hard copy (thumb drive, etc.). Please label files and folders in a way that helps identify the particular use for the file.

 **IMPORTANT:** When transmitting art files, please be sure to email your Exhibitor Service Team member at expo.modernexpo.com and cc: design@modernexpo.com

 **IMPORTANT:** For all art related questions, please email design@modernexpo.com or call (801)983-8125.

MODERN EXPO & EVENTS' RESPONSIBILITIES:

We are only responsible for those services that we provide directly to you. We are not responsible for any persons, parties or other contracting firms not under or direct supervision and control. We are not responsible for loss, delay or damage due to strike, lockout, work stoppages, weather, natural disaster, vandalism, civil disturbance, power or other utility failures, acts of terrorism, war or threat of war or war-like actions, acts of God or other cause beyond our reasonable control. Nor are we responsible for ordinary wear and tear in the handling of materials. We will provide material handling services as your agent, not as bailee or shipper, and shall have no responsibility or obligation thereunder.

PACKAGING AND CRATES:

We shall not be responsible for damage to loose or uncrated materials, pad-wrapped or shrink-wrapped materials, glass breakage, concealed damage, carpets in bags or poly wrappings, or for improperly packaged materials. In addition, we are not responsible for crates and packaging materials which are unsuitable for handling, in poor condition or have prior damage. Crates and packaging should be of a design that adequately protects the contents for handling by forklift and other mechanical means.

STORAGE:

We are not responsible for loss or damage to crates, containers or packaging materials or the contents therein while containers are in storage, including but not limited to exhibitor accessible storage or cold storage. You acknowledge that storage charges are for use of space and are not a form of security or insurance from loss.

Empty container labels will be available at the Exhibitor Service Desk. Affixing labels to containers is the sole responsibility of the Exhibitor or its representatives. All labels from prior events should be removed or covered. We are not responsible for your failure to follow these procedures; removal of containers with old empty labels or without ME&E labels; shipping of containers with improper information or empty labels; or the removal or disposition of materials stored in containers with empty labels. You understand that the labels are used for storage of empty containers only and that we are not liable for loss or damage to any contents while containers are in storage, or for any mislabeled containers.

SHOW SITE:

You are solely responsible for damage or loss to any rental items in your possession or under your control in connection with your performance hereunder, including but not limited to damage or stains to carpet, furniture or other items. Neither you or your EAC may use any type of mechanical lift on the exhibit floor, including but not limited to forklifts, pallet jacks, or man lifts.

Our working hours are subject to change due to holidays, time of day or night worked, amount of time worked and specific facility or union requirements. The normal categories of hourly labor charges are: straight or regular time, overtime, double time and holiday pay. Such hours and charges are set forth on the applicable Order.

INBOUND SHIPMENTS:

Shipments may be delivered to your booth space prior to you or your representatives arrival, during which time the material will be left unattended. We are not liable or responsible for any loss, damage, theft or disappearance to your materials after they have been delivered to your booth site.

We are not responsible for shipments received without individual freight bills, such as UPS, FedEx or other carriers who deliver in bulk and who do not wait for piece/shipment counts or verification of condition for individual shipments. Such shipments are subject to verification and correction of count and condition and our receiving documents indicating any exceptions as delivered shall take precedence over shipper's signature of receipt.

OUTBOUND SHIPMENTS AND ITEMS LEFT AT SHOW SITE:

There may be a period of time between the completion of packing your materials for outbound shipment and the actual pick-up of those materials from your booth for loading onto a carrier during which time materials will be left unattended. We are not liable or responsible for any loss, damage, theft or disappearance to your materials after they have been readied for shipment and the time they are picked up from your booth space.

We are not responsible for shipments left in your booth or other areas of the exhibit space or dock areas. We will count and ship pieces as we find shipments when we removed them from the exhibit space. Circumstances may also necessitate that these items be removed to our warehouse or other remote facility and shipped from there. You are responsible for any additional charges that may result from shipments left on-site without proper shipping instructions or for materials abandoned on site. You should insure your materials against loss, damage or theft.

All Material Handling Forms submitted to us by you will be checked at time of pick-up from the booth and corrections made when there is a discrepancy between the items listed on any form and the actual number/weight of items at the booth at time of pick-up.

We reserve the right to dispose of any items left on the show floor without liability if left unattended, left without labels or incorrectly labeled, or abandoned. Disposal fees will be charged to your account.

Materials are loaded onto the carrier under the direction and supervision of the carrier's representative of driver. Any loading onto the carrier will be understood to be under the

You agree to be responsible for any charges related to re-routing or special handling.

In no event shall we be liable to you or to any other party for special, collateral, exemplary, indirect, incidental, consequential, or punitive damages, whether such damages occur either prior or subsequent to, or are alleged as a result of, tortious conduct, failure of our equipment or services or breach of any of the provisions of this Agreement, regardless of the form of action, whether in contract or in tort, including strict liability and negligence, even if we have been advised or has notice of the possibility of such damages, or for any damages caused by your failure to perform your responsibilities. We will use commercially reasonable efforts to transmit the declared value instructions to the selected carrier. However, we will not be liable for any claim arising from the transmittal of, or failure to transmit, declared value instructions to the carrier, nor for any failure of the carrier to uphold the declared value or any other term of carriage.
